

CFG Bank is pleased to announce its funding of new senior debt facilities for **GLH Construction, LLC.**

CFG Bank provided senior debt for GLH Construction, LLC, a portfolio company of Jackson Partners, LLC and NewSpring Capital, to refinance existing debt and add growth capital. GLH Construction is an infrastructure development company with a focus on installing earthwork and wet utilities, including sewer, water line, storm drainage, and other project types. Based in Windsor, Colorado, the company primarily serves municipalities, developers, contractors, farmers, ranchers, and homeowners in Northern Colorado and Southern Wyoming.

Jackson Partners is a private investment firm focused on advising, investing in, and acquiring lower middle market companies across the United States. NewSpring, a family of private equity strategies, partners with lower-middle market companies to create measurable value for business owners and Limited Partners.
