

CFG 2025

Community IMPACT REPORT

Giving back and paying it forward are ingrained in everything CFG does.

We actively create programs and opportunities to engage with the community because supporting our community is not something one person or group can take on by themselves— it's a collective effort driven by people coming together around shared goals.

CFG IN THE COMMUNITY

Real impact begins with showing up. CFG supports our community through hands-on volunteering, meaningful financial contributions, and lasting partnerships. We also empower our team to give back by matching donations and providing paid volunteer hours.
